CONTENTS OF VOLUME XI.

Number 1.

PAGE.

The Paragenesis of Certain Sulphide Intergrowths.....W. L. WHITEHEAD 1

Monographic Solutions of Certain Stratigraphic Measurements, HAROLD S. PALMER 14

Wolframite and Scheelite at Leadville, Colorado, R. S. FITCH and G. F. LOUGHLIN 30

The Rôle of Colloidal Migration in Ore Deposits, JOHN D. CLARK and P. L. MENAUL 37

Aluminum Hydrates in the Arkansas Bauxite Deposits.....D. C. WYSOR 42

N. H. Winchell and the American Geologist.....H. FOSTER BAIN 51

The Work of N. H. Winchell in Glacial Geology and Archæology, WARREN UPHAM 63

Discussion:

Should a New Degree be Created for Proficiency in Geology? ERASMUS HAWORTH, ROBERT PEELE, F. L. RANSOME, RALPH ARNOLD, E. GIBBON SPILSBURY, A. R. LEDOUX, J. PARKE CHANNING, R. V. NORRIS, ROBERT B. SOSMAN 73

Origin of Certain Ore-Deposits .....W. L. UGLOW 87

Editorial 93

Review:

Wabana Iron Ore of Newfoundland.....E. C. HARDER 95

Scientific Notes and News..... 101

Number 2.

The Genesis of the Chilean Nitrate Deposits, JOSEPH T. SINGEWALD, JR., and BENJAMIN LEROY MILLER 103

The Oxidation of Manganese Solutions in Presence of the Air, VICTOR LENHER 115

Sericite a Low Temperature Hydrothermal Mineral....AUSTIN F. ROGERS 118

A Metallographic Study of the Copper Ores of Maryland, ROBERT M. OVERBECK 151

Discussion:

The Origin and Occurrence of Certain Crystallographic Intergrowths, JAMES C. RAY

Should a New Degree be Created for Proficiency in Geology? BENJAMIN B. LAWRENCE, J. B. TYRRELL, JOHN W. FINCH, J. R. FINLAY, R. V. NORRIS, G. M. COLVOCORESSES, BAILEY WILLIS, HORACE V. WINCHELL 179

Review:

A Textbook of Geology.....G. R. MANSFIELD 194

Scientific Notes and News..... 201

Number 3.

PAGE.

Conservation of the Oil and Gas Resources of the Americas. Part I, RALPH ARNOLD 203
Garnet Deposits on the Nevajo Reservation, Arizona and Utah, HERBERT E. GREGORY 223
Ore Genesis and Contact Metamorphism at the Long Lake Zinc Mine, Ontario.....W. L. UGLOW 231
The Occurrence of Petroleum in the Philippines.....WALLACE E. PRATT 246
Occurrence, Geology and Economic Value of the Pitchblende Deposits of Gilpin County, Colorado.....PERCY R. ALSDORF 266
The Occurrence of the Older Beds in Structural Depressions, DORSEY HAGER 276
Discussion:
The Baker Oil Fields.....L. G. HUNTLEY 279
Ores, Magmatic Emanations and Modes of Igneous Intrusion, G. F. LOUGHLIN 284
The Chloritic Material in the Ores of Southeastern Missouri, C. S. ROSS, W. S. BAYLEY, FRANK D. ADAMS 289
Recent Literature on Economic Geology..... 293
Scientific Notes and News..... 298

Number 4.

Conservation of the Oil and Gas Resources of the Americas. Part II, RALPH ARNOLD 299
Observations on the Geology of the Broken Hill Lode, New South Wales, E. S. MOORE 327
Laboratory Studies on Secondary Sulphide Ore Enrichment, S. W. YOUNG and NEIL PRESTON MOORE 349
Origin of Copper Ores of the "Red Beds" Type.....AUSTIN F. ROGERS 366
The Origin of Clay Slips.....W. B. WILSON 381
A Peculiar Type of Ore from the Tyee Copper Deposit of Vancouver Island, VICTOR DOLMAGE 390
Discussion:
The Localization of Values or Occurrence of Shoots in Metalliferous Deposits.....FRANK F. GROUT 395
The Origin and Occurrence of Certain Crystallographic Intergrowths, W. H. GOODCHILD 397
The Scientific Value of Economic Geology and Double Specialization, ALFRED C. LANE 403
Review:
Building Stones of Ohio.....WILLIAM CLIFFORD MORSE 405
Scientific Notes and News..... 406

Number 5.

Some Reactions Involved in Secondary Copper Sulphide Enrichment, E. G. ZIES, E. T. ALLEN and H. E. MERWIN 407
Discussion 504
Review:
The Diamond Fields of Southern Africa.....WALDEMAR T. SCHALLER 508
Scientific Notes and News..... 510

Number 6.

PAGE.

The Relations of the Chemical Composition of Petroleum to its Genesis and Geologic Occurrence.....CHARLES F. MABERY 511
The Mineralization at Clifton-Morenci.....LOUIS E. REBER, JR. 528
Laboratory Studies in Sulphide Ore Enrichment. II.
S. W. YOUNG and NEIL PRESTON MOORE 574
The So-called Graphic Intergrowth of Bornite and Chalcocite,
AUSTIN F. ROGERS 582
Discussion:
Copper in the Red Beds of New Mexico.....H. W. TURNER 594
Reviews:
The Mining World Index of Current Literature.....J. M. NICKLES 598
Geology, Physical and Historical.....W. S. BAYLEY 598
Scientific Notes and News..... 600

Number 7.

The Relation of Ore-Deposition to Faulting.....J. E. SPURR 601
The New Zinc Mining District near Edwards, N. Y....DAVID H. NEWLAND 623
Some Experiments Bearing on the Secondary Enrichment of Mercury Deposits.....T. M. BRODERICK 645
Wood Tin in the Tertiary Rhyolites of Northern Nevada..ADOLPH KNOPF 652
The Relation of the Titaniferous Magnetite Ores of Glamorgan Township, Haliburton County, Ontario, to the Associated Scapolitic Gabbros,
W. G. FOYE 662
Discussion:
Occurrence, Geology, and Economic Value of the Pitchblende Deposits of Gilpin County, Colorado.....EDSON S. BASTIN 681
Review:
Microscopical Determination of the Opaque Minerals, EDSON S. BASTIN 691
Scientific Notes and News..... 695

Number 8.

The Physiographic Conditions at Butte, Montana, and Bingham Canyon, Utah, when the Copper Ores in these Districts were Enriched,
WALLACE W. ATWOOD 697
On the Measurement of Temperature in Bore-Holes,
JOHN JOHNSTON and L. H. ADAMS 741
Discussion 763
Review:
Principles of Oil and Gas Production .....A. E. FATH 764
Scientific Notes and News 768
Index to Volume XI 769
